Wind Farm Vessels – Operational Challenges

An evening seminar

Monday 4th December 2017
1730 for 1815 onboard HQS Wellington

A panel of industry speakers will look at the burgeoning wind farm sector.

- What are the logistical challenges of wind farms?
- Types of Crew Transfer Vessels (CTV) in operation
- What advances are likely in CTV design and technology?
- Safe transfer of technicians and equipment to and from turbines
- The “walk to work” process
- Challenges of wind farms moving further offshore
- What are the backgrounds and qualifications of CTV crews?
- What operational challenges do CTV crews face?
- How do small crews deal with emergencies on board and in the wind farm?

Panel of Speakers

Mike Vanstone	Head of Marine Ops, Vattenfall
Mike Frampton	Renewables Director, LOC
Ian Baylis	Managing Director, Seacat Services Ltd
Hugo Cook	Serving CTV Master, Seacat Services Ltd
Chair: John Lloyd	CEO, The Nautical Institute

We need you in the audience to add to the debate and join the informal discussion in the Wardroom Bar before and afterwards.
CPD available. *Admission FREE.*

HQS WELLINGTON (020 7836 8179) is berthed at Victoria Embankment, near Temple tube.
